

How_to_add_an_online_library_to_LAMW

How to add an online library to LAMW

You can get from here: (opendrive.com)

A complete tutorial (from image1 to image34) how to add an "online" library to LAMW
[create a new jComponent]!!!

WARNING: the "datalogic" APIs tested in LAMW demo code returned nothing (nil)...

In fact the library source code pointed by Android Studio is clearly returning null in several APIs....

But the tutorial is OK !!!!
